

Sue's Buttercream Frosting

Works Great as Vegan Frosting!

2-3 cups	icing sugar
½ cup	butter or vegan spread
1 tsp	vanilla
3 tbsp	milk or cream or milk substitute (almond or soy work well)

Sift icing sugar and set aside. In mixer blend butter (or spread) and milk (or milk substitute), add vanilla and then icing sugar gradually till well incorporated and smooth. Beat till slightly “whiter”, but don’t incorporate too much air into the frosting, as it will be harder to apply onto the cake.
